

## 91. Permitiendo editar el perfil a los usuarios

### routes\web.php

```
Route::get('profile', 'ProfileController@edit')->name('profile.edit');  
Route::put('profile', 'ProfileController@update')->name('profile.update');
```

### En cmd:

```
C:\Users\llemi\Desktop\Lunk\Laravel\ola>php artisan make:controller ProfileController  
Controller created successfully.
```
